PRODUCT CATALOG · UPDATED SEPTEMBER 2026

SPC Vinyl Plank & Porcelain Tile

Wholesale flooring for contractors, builders and investors.
Direct import. In stock in Orlando. Ready for pickup.

Live stock, updated daily: **riosfloor.com/browse**

RIOSFLOOR.COM (321) 200-3295 3320 VINELAND RD, SUITE A · ORLANDO, FL

WHY CONTRACTORS AND BUILDERS BUY FROM RIOS FLOOR

Built for scale. Ready for volume.

Rios Floor is a direct-import flooring supplier based in Orlando, Florida. We stock SPC vinyl plank and large-format porcelain tile in our own warehouse and reserve trade pricing for professionals — so your projects move fast, every phase matches, and nobody waits on a container.

01 **In stock in Orlando**

Large local inventory ready for pickup — no 8-week shipping waits.

02 **Direct import, trade pricing**

We eliminate the middleman and reserve wholesale rates for professionals.

03 **Full container program**

Direct factory orders with mixed SKUs for large developments.

04 **Batch & color consistency**

Reliable lot control so every phase of the project matches.

Available for qualified contractors, builders and investors in the Florida region. No minimum order.

SECTION 01

SPC Vinyl Plank

22 oak-look colors in 7"×48" and 9"×60" planks. Rigid stone-polymer composite core, 100% waterproof, click-lock installation with attached IXPE underlayment — from 12 MIL residential to 28 MIL heavy-commercial wear layers.

22	12–28	5–9	100%
COLORS	MIL WEAR LAYER	MM THICKNESS	WATERPROOF

HOW TO READ THE SPECS

Wear layer (MIL)

The clear top coat that resists scratches and traffic. 12 MIL = residential · 20 MIL = residential & commercial · 28 MIL = heavy commercial.

Total thickness

Plank thickness including the SPC core and attached pad. Thicker planks feel more solid underfoot and hide subfloor imperfections better.

Coverage & packing

Square feet per box and planks per box — use them to size orders. Add 5–10% for cuts and waste.

Recommended use

RESIDENTIAL

COMMERCIAL

HEAVY COMMERCIAL

SECTION 02

Porcelain Tile

15 large-format looks in 24"×48", 48"×48" and 48"×72" rectified porcelain. Marble, stone and wood visuals in nano-polished high-gloss or matte finishes — PEI 4, stain and acid resistant, rated for walls and floors.

HOW TO READ THE SPECS

Rectified monocaliber

Edges are precision-cut after firing so every tile is the same size — allowing tight 1/16"–1/8" grout joints and a seamless, slab-like floor.

PEI 4

Abrasion class suitable for all residential areas and light-to-medium commercial traffic.

Group Bla

Dry-pressed porcelain with water absorption ≤ 0.5% — dense, frost-resistant and suitable for wet areas.

Recommended use

RESIDENTIAL

LIGHT COMMERCIAL

Use: Res = Residential · Light Com = Light Commercial. **All porcelain tiles:** Porcelain (Group BIa) · PEI 4 · Rectified monocaliber edges · Stain & acid resistant. Specifications, coverage and packing are provided by the manufacturer and are subject to change without notice. Confirm lot availability and shade before ordering. Add 5–10% to your takeoff for cuts and waste.
